

CHÂTEAU GRONA

EST. 1927

Agro-Yug, LLC., member of Chateau Grona Group, is one of the 10 largest wine producers in Ukraine.

Our specialization is creating high-quality PRIVATE LABEL wines.
We supply most of our wines to China.

Our vineyards are located on the "grape latitude" – between 46 and 47 degrees – the same as the famous French wine regions of Bordeaux and Burgundy. This allows us to get abundant harvests of high quality.

We grow European varieties which are the most suitable for the area: Cabernet Sauvignon, Merlot, Bastardo, Chardonnay, Sauvignon Blanc, Muscats as well as local and rare varieties.

8000

tons of grapes per season

5000

tons of wine per season

339

hectares of vineyards

3000

bottles per hour
